

**SUMMER HOLIDAY
HOMEWORK
SESSION 2020-21**

This Holiday Homework belongs to

Name:

Class : **III**

Sec:

DEAR CHILDREN

The long-awaited summer vacation is here with a lot of fun and learning. It has brought a gift of enjoyment that is spent in exploring books, playing games and story-telling. We have planned some activities for you to keep your energy high and to keep you engaged positively in this scorching summer.

Holiday homework has been designed keeping the following objectives in mind:

- ✓ To keep you connected with the syllabus.
- ✓ To bring out innate potential in you.
- ✓ To enhance your creativity.
- ✓ To engage you constructively.

Guidelines for parents:

- Parents can be the facilitators for the child at home but the child has to complete the work on his/her own.
- Child should do the work in his/her own handwriting.
- Work submission on time post vacation is mandatory for all the students.
- Follow the instructions given by teachers for each subject to complete the specific activities.
- Use holiday homework as an opportunity to spend quality time together.
- Let your child take the lead and use his/her imagination in completing the tasks.
- Original work of students will receive greater appreciation and recognition.

We wish you tons of happiness, joy and fun while you are on vacation.

Stay home and be safe.

SOCIAL STUDIES

A. Cute Bookmarks!!

Research on the National symbols of India. Create beautiful bookmarks of the five National symbols.

Draw national symbols on card board/hard board paper. Cut the pictures. Trace the edges/drawings with a black sketch pen. Colour the pictures and you can tie colourful ribbons to it. Cute bookmarks are ready to use!!!

B. We Know Thy All!!

Write one interesting fact about each national symbol in your project file.

Eg: The National Emblem has four lions (one hidden from view) and symbolizes **power, courage, and confidence.**

C. Let the thinking bulbs switched on!!

Imagine the Sun decides to take a break and disappears from the sky.

Draw / Paste /make a collage of your imagination of the world without Sun.

Read and Enrich

1. One million Earth could fit inside the Sun.
2. The Sun is all the colours mixed together, this appears white to our eyes.
3. The sun generates solar wind.
4. 70% of the Earth's surface is covered with water.
5. Earth is the 3rd number planet and only planet not named after any GOD.

ENGLISH

A. Read the comprehension and answer the following questions

The Solar System

The sun is a star that is nearest the earth. It provides the earth with energy in the form of light and heat.

The sun travels through space with a whole family of planets, called the Solar System. In the sun's family there are 9 important planets of different sizes. The largest planet is called Jupiter. The smallest planet is Mercury. The planets orbit (travel around) the sun.

Most planets have moons which travel around them. The earth's moon takes 28 days to orbit the earth. It is daytime for the side of the earth that faces the sun, and night time for the side facing away from the sun. It takes 24 hours for the earth to turn one complete spin on its axis. Therefore a day and night is 24 hours. Normally, planets which are near the sun are hotter than planets far away. Mercury is the nearest planet to the sun, and it can have a temperature of 350°C - much hotter than an oven. The Solar System also has thousands of smaller planets, some as small as rocks. These are called asteroids.

1. What does the sun provide (give us)?
2. Why do planets have day and night?
3. How long does it take earth to orbit the sun?
4. What's the largest planet?
5. What's the length of a day and night on Earth?

Match the definitions / meaning with the word

	Space	The planet we live on.
	Sun	The whole of the universe, outside the earth.
	earth	Large object that moves around the sun or other star
	Planet	It travels with a family of planets

B. What's your Question?

Write appropriate questions for the answers given below (One is solved for you). It can be anything that strikes your mind on reading this answer. Let's Enjoy !!!

○ **Answer : Pink**

○ Question: What is the colour of your mother's mobile cover?

Or

Which colour shirt you don't like to wear?

○ **Answer: Once a year**

○ Question:

○ **Answer: Not possible**

○ Question:

○ **Answer: Lockdown**

○ Question:

○ **Answer: English**

○ Question:

B. Read and Enrich

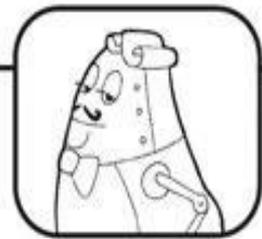

Reading exercises your brain and improves concentration. It will expose you to new things, new understanding, new information. It can help you to find your hobbies. It will improve your vocabulary and make you smarter. So along with having fun, get smarter. A few story books are listed below to facilitate reading. For words which you find difficulty in understanding, refer to a dictionary and learn its meaning and pronunciation. You can add any book of your choice.

- **Read any one book and make a list of new words, you come across.**
- **Make a VOCAB WALL of the new words in your project file.**
- **Use those words while conversing with your parents and friends.**

** Suggestions for Reading.

1. Alice in wonderland
2. Stuart Little
3. Charlotte's Web
4. Peter Pan
5. Charlie and the chocolate factory
6. Cinderella

D.

Maestro's Mix-Up

Things are in a major mess. The Maestro needs to get these words unscrambled and spelled correctly. Give him a hand will you?

t a c _____

o d g _____

d i b r _____

h s r o e _____

These are all:

t s e p

p o t _____

l l d o _____

r t k c u _____

l a l b _____

These are all:

y t o s

h l a i _____

a i r n _____

o n w s _____

e s l e t _____

o g f _____

These are all:

e w a h t r e

l e u b _____

r g y a _____

i t w h e _____

a b c k l _____

a o g n e r _____

These are all:

s r o o l c

Botley Says:

Challenge your family with this one! Think of a word and write it on a piece of paper. Then go to your refrigerator and spell the word correctly with magnetic refrigerator letters. Now, mix up the letters in the word and ask a family member to unscramble the letters. Watch the time (a clock or a watch with a second hand) and see how long it takes. Repeat this for a whole bunch of words.

SCIENCE

A.

Helping THE EARTH

home	bird feeder	paper	safe
lights	mask	gloves	water
healthy	sanitizer	tree	

There are many things you can do every day to help the Earth. Use the word bank to fill in the blanks.

- When writing and drawing use both sides of.....
- When you leave a room, turn off the.....
- Do not litter in oceans and lakes so the fish will stay.....
- Use ato kill germs.
- Throw used and in dustbin.
- Make a for birds to have enough food and water,
- While brushing your teeth do not leave the.....running.
- Plant a
- Staystay

B. Laugh in Flowers!!!

Collect four different seeds of different veggies and fruits your mother gets. For example, tomato, green chillies, eggplant etc. Sow them in four different pots. Water them daily and notice the changes. Ensure it receives proper sunlight.

Project Work

- a. Paste the seeds used (few).
- b. Write the materials /weather needed for growth of plants.
- c. Share the taste of your garden veggies and fruits.
- d. (Optional)Click pictures of these plants at different growing stages and if you have a printer, make a collage and paste it in your project file.

C. Guess My Name!!!!

Here is a set of clues. Read them out aloud. Can you guess which living things are described here?

The Clues:

1. What's green, but not a leaf; copies others, but is not a monkey?
(Hint:It can fly.).....
2. What sleeps through the day and cries through the night. The more it cries, the more it creates light?.....
(Hint: The Sun, yes; but this involves fire when lit.Not a gadget)
3. The sea is its home and it rhymes with park.....
4. It loves cheese but doesn't like cat!.....
5. It is hanging upside down. You will find me in caves.....
6. What's worth more after it's broken?.....
(Hint: You get mamma to break it for you every morning either boiled or fried).....
7. It can carry lots of food, but cannot eat anything.....
8. It is made of water, but it's not wet.
9. It's as light as feather, yet the strongest person can't hold it for a minute or two even.....

The last Bingo!!!

- 10.You walk in a room with a rabbit eating a carrot, a pig eating slop and monkey eating a banana. Which is the smartest animal in the room?
(Hint: Humans, too are animals)

Paste the picture of that smartest Animal here

Maths

Name

Date

ADDING 1, 10, 100 AND 1000

- Practice adding one, ten, one hundred and one thousand.
- For the last few questions, you may need to use your subtracting skills too.

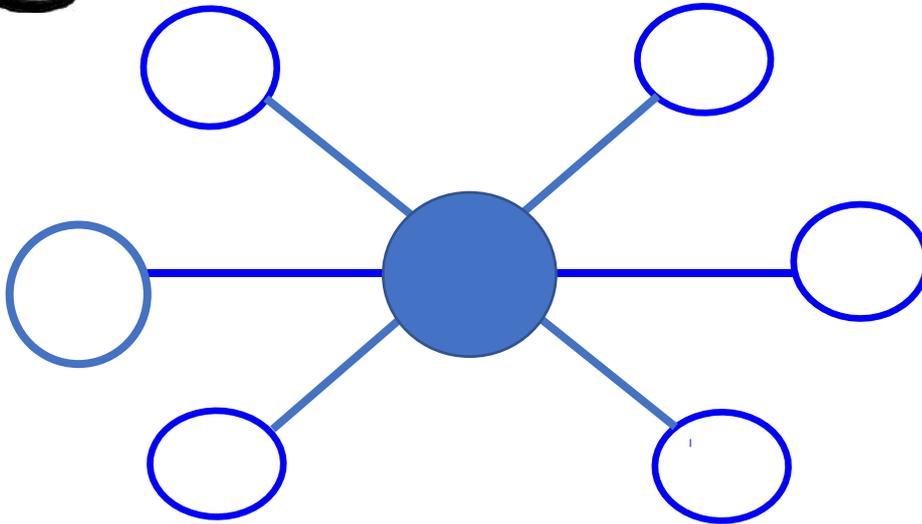

NUMBER	+1	+10	+100	+1000
532	533	543	643	1643
758		769		1869
852			963	
37		48		
1500	1501		1611	
3258				
4185				
1895				
2000				
	1895			
	6714			
			5690	
				6298
		3219		
	1987			
			6078	

Puzzle time

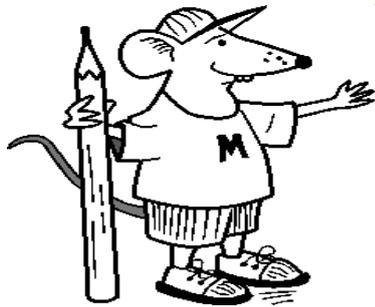

A. SEVEN UP!!!

Seven up!

Put the numbers
1,2,3,4,5,6 and 7 in the circles
so that the each straight line
of the three numbers add up
to the three numbers.

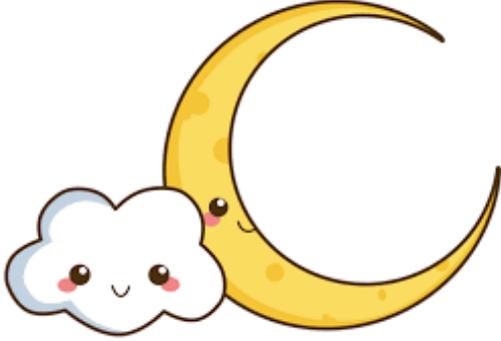

C. Solve the sums and calculate the time you took to solve each. Try more such questions and work to lessen the time needed to solve.

Sr.No	Question	Answer	Time taken
1.	Write the smallest number using 7,0,3,2		
2.	The smallest 4 digit number +12		
3.	Difference between place value and place value of 4 in 3412.		
4.	Raj bought 15 bundles of paper. If the cost of 1 bundle is Rs.20.Find the cost of 15 such bundles?		
5.	A fruit seller has 234 apples,267 oranges and 345 bananas in his shop.How many fruits he has in all?		

COMPUTER

Moon Makeover!!

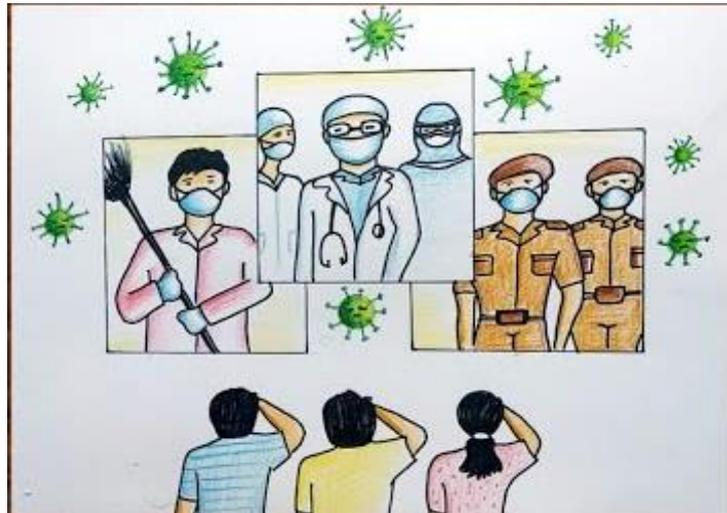

Up in the Sky, we see many faces of Moon. Since you are born Moon is called your Maama(Maternal Uncle).Let's give some makeover to the Moon. Put in your imaginations and do a makeover for Moon on MS Paint or Tux Paint or Pixel art. Print and paste in your project file or you can Email it your teacher with your Name, Class and Sec.

Note:You have to write a paragraph on the New Moon created by you in Hindi below.

HINDI

- क. चन्द्रमा को आप सब रोज आसमान में चमकते हुए देखते हैं और दादी,नानी से आपने चंदा मामा की कहानियां भी सुनी होगी,अगर चन्द्रमा आपकी तरह सुंदर पोशाक पहन ले तो कैसा दिखेगा I कल्पना कीजिए और एक छोटा सा अनुच्छेद लिखिए।
- ख. लॉकडाउन में हमारी दिनचर्या बाकी दिनों से अलग हो जाती है ,फिर भी बहुत से ऐसे लोग है को हमारी सुरक्षा के लिए बाहर निकलते है,काम करते है । ऊपर दिए गए चित्र में आपको क्या दिखाई दे रहा है और आपके मन में क्या विचार आ रहे है ,अनुच्छेद के रूप में लिखिए।

ART & CRAFT

Key Chain Love- Make Keychains of your own designs and patterns and gift it to your father on this father's day. One example is shown below.

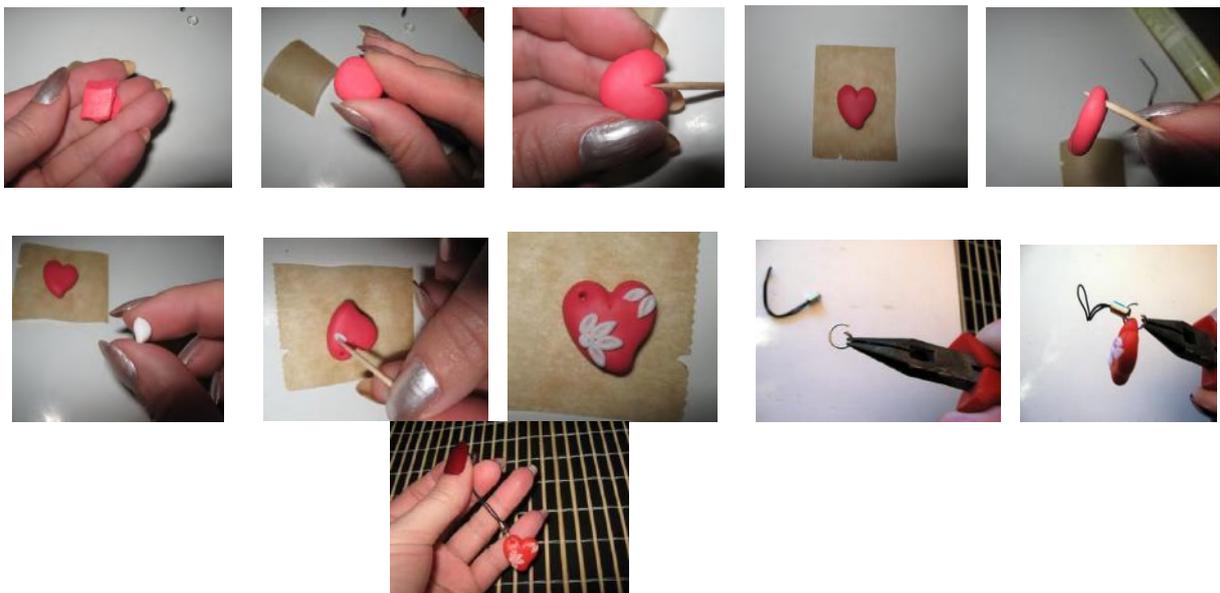

Material needed

- toothpick
- red and white polymer clay (I placed the toothpick beside it to see how much polymer clay you need)
- roll
- baking paper
- baking tray
- keychain cord
- 1 jumpring

- Condition red polymer clay by hand, simply mix it and squish it with your fingers. You may want to roll it into a log between your palms, fold it in half, and then roll again.
- Make a ball of it and flatten it. Gently squish one part, to form the lower part of the heart. Use the toothpick to shape the upper part of the heart.
- Use the toothpick again to make a hole in the upper left side. Take care that the toothpick goes through the heart and get out on the other part.
- Make a small roll of white..... and place it on the heart. Make a crease on it to fix it on the heart, like in the picture: Add three more white petals.
- Make a tiny white ball..... and place it in the middle of the petals
- Now you'll need the help of an adult. Place the heart (with it's piece of baking paper) on the baking tray, and bake it accordingly to the instructions on the polymer clay package (they depend on the brand you use: fimo, cernit, sculpey..., but usually is one half of hour at 230 F or 110 C).

You can Sun or Air dry it too.

- Let it cool down. Open the jumpring (you can use pliers for that)..... put it through the hole that you made in the heart.
- Close the jumpring and the keychain is ready 😊

TRY DIFFERENT SHAPES: Eg: Sun,birds,flowers,pencil,your father's initials etc.

GENERAL KNOWLEDGE /GENERAL AWARENESS

A. Let your curiosity soar!!!

Here are some very common daily household things. Write their English names.

.....

.....

.....

.....

.....

.....

.....

Get up and find such common things yet not so common for their name.

Make a list of at least 14 items you did not know the English names of and write Hindi names too.

Example: names of cutlery, spices, vegetables, parts of shirts, furniture etc. Share with your family and friends too. Play a quiz with them asking the English names of any random stuff in your house or garden. Watch the fun and learn!!!

Sr.No	Hindi/Common Name	English name
1		
2		
3		
4		
5		
6		
7		
8		
9		
10		
11		
12		
13		
14		

B. Quiz-Bingo!!!

1. What do we call a baby goat?
2. What date comes 22days after June 19th?
3. Share 14 between 2.
4. What is the sticky covering that causes decay on our teeth?
5. We say one foot but two
6. Is Big Ben a clock or a fairground ride?
7. Name a house that floats on water.
8. The biggest city of Assam, famous for Kamakhya Temple.
9. How many bones a newly born baby has?
10. Draw the flag of country known as "Land of Rising sun".
